Why Discord?

Benefits

- Good sound quality
- Allows users to share voice, screen & video
- Allows users to hop from one channel to another
- Free

Limitations

- Screen share is limited to 25 participants
- Lack of effective thread functionality

Why Discord?

Benefits

- Good sound quality
- Allows users to share voice, screen & video
- Allows users to hop from one channel to another
- Free

Limitations

- Screen share is limited to 25 participants
- Can't use threads

Discord: App

1. Use it on browser

<https://discord.com/app>

2. Download application

<https://discord.com/download>

● Benefits

- Can use all features
- Easy access
- Less technical issues
- Easier to share camera / screen
- (also easier for Linux users)

Discord: Joining Data Umbrella Server

Link to join Discord

- on Data Umbrella website: dataumbrella.org

Note:

- Navigating Discord
- Set up profile
- Check out Code of Conduct
 - Make sure your user name is professional and appropriate
- Check out categories

Discord: Your profile for the sprint

Note:

- Use your first name so people can get to know you
- Make sure your user name is professional and appropriate
- Add a photo

These tips make networking easier for virtual events.

Note: After the sprint, you can change your user name and profile picture.

Discord: Accessing Sprint Category

You will be able to see the scikit-learn sprint categories after you have been added to that “role”, by a Data Umbrella admin.

Discord: During the Sprint

- Reminder to “expand” category
- Discord has “text” and “voice” channels

Text channel

- Only chat, words

Voice channel

- Can hear others
- See others if you share camera
- Screenshare

Discord: Sprint virtual “tables”

- You’ll work at a “table” with pair programming partner
- You can use the “chat” and “screenshare” associated with your table

Note:

- Show how to screen share

Discord: Privacy

The Data Umbrella Discord server is used regularly, so please do not put any personal information in there such as phone number, email address, etc.

Discord: Questions

- Email us with any questions: data.umbrella.dei@gmail.com
- Send DM on Discord
- Ask on “help” channel under “Community” category

We appreciate your patience. Discord is powerful tool with lots of options. We are learning it too.
